55 Indian Cove
South Easton, MA 02375

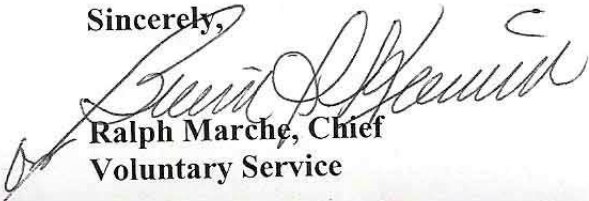

Dear Veterans,

Thank you for your recent donation to the VA Boston Healthcare System, Brockton Campus. Donations to the Department of Veterans Affairs incur no administrative charges and will be used to directly benefit our nation's veterans in the manner specified.

Thank you for the donation of six flags tickets for our veterans of the REACH program. The generosity and appreciation you have for our veterans is very reassuring to those who have made such a strong commitment to our country. Thank you for your kindness and thoughtfulness.

Donations such as yours make a significant difference in the lives of our veterans. Without your support the care we give would be less than our patients deserve. It is the spirit of your gift that shows a grateful nation remembers the sacrifices of the men and women who have served in the armed forces.

Sincerely,

Ralph Marche, Chief
Voluntary Service

All donations become property of the Department of Veterans Affairs. Donations will be directed in a manner that best meets the needs of our patients. In such cases, that a donation has been earmarked and cannot be used for that specific purpose, attempts will be made to contact the donor to; 1. Change the specified purpose to meet current needs or 2. Return the donation as unusable by the Department of Veterans Affairs.
